SUBJECT: Illinois/Eckhardt Report Sites; TDD# F5-8011-4
Danville/Allied Chemical

A review of available file information on the above site has been completed pursuant to TDD# F5-8011-4. Results of the file review indicate that a low priority of importance ranking be assessed to the site. This ranking is based upon the following factors:

1. The site is being monitored by Illinois EPA and/or the local health department.
2. No continuing health or illness problems have been attributed to the site.

The recommendation that no further action be taken by USEPA is made with the understanding that the state and local agencies now involved will continue to monitor site activities.
